User Stories

- Sprint 1
 - (3) As a developer, I would like to be able to read and write to a database with a simple CRUD app so that I can better understand the cloud firestore.
- Sprint 2
 - (9) As a blog, I want to be able to update my profile information so that my profile can maintain accuracy.
 - (6) As a blog, I would like to view what categories the art submissions are in so that I can quickly view the art I'm interested in.
 - (2) As a blog, I would like to be able to download an artist's submission with just one click so I can share the submission more easily.
- Sprint 3
 - (8) As an artist, I would like to see the statistics for each blog so I can make an informed decision who to submit to.
 - (21) As a blog, I would like step through instructions to better understand how to utilize the submissions page.
- Sprint 4
 - (8) As a blog, I would like the submissions page to merge with the dashboard page so that everything I need to see is in one place.
 - (8) As a blog, I would like to see a cleaner dashboard so that my dashboard is more visually pleasing.
 - (9) As a developer, I would like to only show a dummy submission when a blog is in tutorial mode so that the blog does not interfere with real submissions.

Product Backlog

- Allow blogs to easily share accepted submissions
