Goal: Allow blogs to connect with artists and for artists to understand how to use the website.

User Story 1: As a blog, I want to see my submissions
    Task 1: Add filter functionality to search for submissions.
Total for user story: 5

User Story 2: As a blog, I want to see how many artists I have responded to.
    Task 1: Add a counter next to replied submissions and unreplied submissions to display the number of artists responded to.
Total for user story: 2

User Story 3: As a blog, I want to show how many followers I have
    Task 1: Add number of followers on the dashboard.
Total for user story: 5

User Story 4: As a blog, I want a step-by-step guide for utilizing the website so I can understand all the tools and features at my disposal.
    Task 1: Create step-through instructions for when first time blog users sign-in.
Total for user story: 8

User Story 5: As a developer, I need to be able to read and write information to/from a dummy database.
Task 1: Create a crud app that can write to a database.
